

**Do you have a hearing loss?
Does your child have a hearing loss?**

Do you have hearing loss?

Answer the following questions. If you reply "yes" to two or more of these questions, you would benefit greatly from a hearing assessment.

- Do you have a problem hearing on the telephone?
- Do you have trouble hearing when there is noise in the background?
- Is it hard for you to follow a conversation, where two or more people talk at once?
- Do you have to strain to understand a conversation?
- Do many people you talk to seem to mumble?
- Do you misunderstand what others are saying, and respond inappropriately?
- Do you often ask people to repeat themselves?
- Do you have trouble understanding the speech of women and children?
- Do people complain that you turn the TV volume up too high?
- Do some sounds seem too loud?
- Do you hear a ringing, roaring, or hissing sounds?

Does your child have a hearing loss?

If you observe any of the following behaviours or symptoms of hearing loss, you should consider having your child's hearing tested by an Audiologist

- Does your child inconsistently responds to sound?
- Does your child present with delayed language and speech development?
- Does your child have unclear speech?
- Does your child have the volume turned up high on the radio, TV or CD player.
- Does your child not follow directions?
- Does your child often request you to repeat what you have said?
- Does your child not respond when called?

What is an Audiologist?

An Audiologist is a healthcare provider who specialise in the prevention, identification, assessment, diagnosis and treatment of disorders of the central or peripheral and vestibular system. They are involved in the provision of audiological rehabilitation to both children and adults.

What is a hearing aid?

A hearing aid is a small electronic device that you wear in or behind your ear. It makes sounds louder to improve hearing of the sounds a person is unable to hear so that a person with hearing loss can listen, communicate, and participate in daily activities.
